

THE MOST TECHNOLOGICALLY ADVANCED JACKET IN NZ

STORMFORCE TTMC-W

Stormforce fabrics provide the optimum balance between water and wind resistance, durability and comfort. Utilising both microporous and hydrophilic technologies, this breathable fabric allows moisture to be drawn away from the inside, making the garments 100% waterproof.

This range incorporates:

- Twin Skin Technology - providing double protection.
- Mechanical Stretch Fabric - ensuring ultimate comfort on any job.

Garments comply with: TTMC-W

Fabrics: AS/NZS 1906.4:2010 - Day/Night use

Garment Design: AS/NZS 4602:2011
