Our Company

Marsden Industrial Solutions, formerly known as Marsden Point Construction Ltd, has been operating since 1965.

In addition to being a well regarded sub-contractor at Marsden Oil Refinery, we offer a wealth of other services including:

- shut downs
- sludge pumping
- confined space entry work
- providing safety lookouts
- contract labour
- earthworks
- building maintenance
- water deliveries and septic tank cleaning

Our ethos

As contractors we work hard to provide the highest standard of workmanship and to respect your premises and equipment. We stay current on all OSH regulations and are proud of our excellent safety record.

We're a family owned and operated business and nothing is more important to us than our people. We value every member of our team and look for ways to develop and reward their skills.

Whether you're just after someone to cover annual leave for a week or two, or you need a large crew of guys to complete a fast turnaround shut down, we can help you to get the job done.

Most of our team have been with us for years. They're honest, hardworking and they'll treat your gear like it's their own.

They're also very safety conscious – to the point that we haven't had any Lost Time Injuries in over ten years!

What our clients say...

Marsden Industrial Solutions has always been ready to help when an emergency has happened.

We have a good relationship and I have always had great service from the company.

Trevor Goddard - Contractor to Northport Ltd and Northland Port Corporation

Meet our Directors

Steve Johnson - Managing Director

Steve is the Managing Director. A qualified carpenter, Steve has worked for the company for over 20yrs. He's a keen fisherman and loves to spearfish.

Robbie Johnson - Director

Robbie has been working for the company since 1991 and is heavily involved in the Health & Safety and compliance areas. Prior to that he worked at the New Zealand Refinery in a variety of roles; including a stint as the Industrial Cleaning Supervisor. He is a man of the faith and enjoys scuba diving, sports and helping people reach their potential.

Damion Murray – Director / Supervisor

Damion is passionate about helping others to achieve their very best. He is the onsite Foreman for Marsden Point Construction at the New Zealand Refinery Company and manages anywhere from 20-60 staff. Damion loves spending time with his family and watching rugby league.

Para Murray – Director / Leading Hand

Para is currently working within the team as a Leading Hand. He's experienced at managing large crews and oversees Safety Watches, Trade Assistants, Fire Watches. Para loves nothing more than to be under the water looking for kai moana or chasing a football.

Marsden Industrial Solutions has been a preferred supplier since 2006. They supply our firm with around 50,000 man-hours per year, providing a variety of services including Safety and Fire Watches, general labour and industrial cleaning.

They have a large, highly-skilled team which means they can be very responsive to our needs.

If, for example, we suddenly needed another 40 labourers, they would be able to arrange that quickly and we'd be getting good solid workers.

The guys at MIS are flexible, reliable and have an excellent safety record!

Miodrag "Vaso" Vasilic - Contract Engineer to Transfield Worley Ltd

Marsden Industrial Solutions has contracted to us for around 15 years supplying sludge pumping, tank cleaning and safety watch services.

They have passed our rigorous contractor accreditation process and are an approved supplier.

Ian Cummings - General Manager – Wiri Oil Services
